

Garlic Cleansing Fumigation Spell

Smoke cleansings are regarded among the most potent of cleansing spells. Their effects linger as long as the botanical aromas can be smelled.

1. Crush 3 unpeeled garlic cloves in a mortar and pestle. Do not remove the peel.
2. Place the garlic on an incense burner or cast iron pan
3. Blend brown sugar and strong, quality ground coffee. Do not use decaf.
4. Sprinkle the blended sugar and coffee over the garlic
5. After lighting the garlic-sugar-coffee blend, carry and waft the aromatic smoke where needed
